

## **FINAL STATEMENT OF REASONS**

### **1) The Update to the Initial Statement of Reasons**

There are no changes to the initial statement of reasons.

### **2) Imposition of Mandate on Local Agencies or School Districts**

The department's regulatory action adopting section 156.01 in Article 3.0, Chapter 1, Division 1, of Title 13, does not impose any mandate on local agencies or school districts and imposes (1) no cost or savings to any state agency, (2) no cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of the Government Code, (3) no other discretionary cost or savings to local agencies, and (4) no cost or savings in federal funding to the state. No studies or data were relied upon to make this determination.

### **3) Summary of Comments Received and Department Response**

The proposal was noticed on October 26, 2007, and made available to the public from October 26, 2007 through December 10, 2007. No comments were received on the regulatory proposal.

### **4) Determination of Alternatives**

No reasonable alternative considered by the department, or that has otherwise been identified and brought to the attention of the department, would be more effective in carrying out the purpose for which these regulations are proposed or would be as effective and less burdensome to affected private persons than the proposed regulations. During the rulemaking process, no alternative that would lessen the adverse economic impact on small business was submitted.

### **5) Incorporated by Reference**

The department finds that it would be cumbersome, unduly expensive, or otherwise impractical to publish all the forms incorporated by reference in this regulatory action in the California Code of Regulations, and the forms are readily available from the department. The current versions of the Application for Clean Air Vehicle Stickers, form REG 100 (Rev. 10/2007) and Statement of Facts, form REG 256 (Rev. 1/2007) has been included with the notice and identified as part of the regulatory notice package on the department's regulatory action web page on the internet.
